Referral Letter

Date

Dear Dr. _____,

Thank you so much for referring (patient name) to my practice. I look forward to working with him/her and am confident we will reach his/her goals successfully. I am sure we will do great work together and I will keep you up to date on our progress. Please find some of my business cards (enclosed). I hope you continue to think of me in the future and am always available to answer questions you may have about my work.

Just to keep you in the loop, here are some things I have been working on: (list your current projects or accomplishments)

Healthy regards,
