SIGN UP FOR A LIVE WORKSHOP

I hope you're enjoying this Sneak Peek. If you're curious and want to learn even more, we'd love to see you at our next live workshop. You'll be able to ask me your questions in real time, meet our program manager and get support live. I love connecting with prospective students throughout these workshops. One of the things that sets this program apart is just how much live support you get, so this is a little taste of that. And if you don't want to wait until the next workshop, you can catch the replays of past events in the link below. But don't forget whether you're attending a live event or watching a replay, make sure to watch to the very end for a very special discount. Click that link below.
